

MACK DEFENSE SHERPA SCOUT

A PROVEN PERFORMER WITH EXTREME MOBILITY

The Mack® Sherpa Scout family of 4x4 armored vehicles is designed to provide tactical forces (infantry, paratroopers, marines and internal security) with the best mobility/payload compromise in its category. In addition to its outstanding on- and off-road performance, the Sherpa Scout is fully air transportable, multi-role and armor ready (ballistic and mine kits). The Sherpa Scout is already in use by NATO, France and other countries.

MACK DEFENSE SHERPA SCOUT

The Sherpa Scout, available in unarmored and armored variants, is ideally suited for tactical missions such as scouting, patrol, convoy escort and command and liaison. It is able to transport up to 4 or 5 soldiers and can accommodate a roof mounted weapon system.
